'Pure Hypocrisy' Says Illinoisan

To the Editor of The News:

Our foreign policy is the creation of pure hypocrisy. The Republican U2 incident is followed by the Democratic Cuban fiasco. Perhaps we should also help plan rebellions—at \$400,000 each month—against Franco, Mao Tse-tung, Chiang Kai-shek, Salazar, and others.

Presidents come and go, but the Pentagon and the CIA, spooks go on forever.
